MARK NICHOLS

ICDE President

International Council for Open and Distance Education

CERTIFICATE OF COMPLETION

The International Council for Open and Distance Education (ICDE) undertakes Quality Reviews of the performance of institutions to promote public confidence that quality standards and provision of services to students in open, distance, and flexible learning are being safeguarded and enhanced.

During July 2023 a review of the institutional quality services and systems was conducted at the Universitas Terbuka by an independent quality review team.

ICDE confirms that Universitas Terbuka has implemented a high quality open, distance, and flexible learning system, including an action plan for further development, and exceeds appropriate standards in the provision of open, distance, and flexible learning services to students.
